LOUISIANA WATERCOLOR SOCIETY

Students,

   Hello everyone! I am very much looking forward to our workshop this May. I hope you all are too. I will be giving a demonstration each day. On Tuesday, you can bring something of your own to paint, regardless of subject matter. It can be landscapes, flowers, people, etc. This will give me a chance to see at what level each of you are in regards to watercolor painting. No matter where you are at present, we will have fun and hopefully I can teach you a few things.

   On Wednesday we will all be painting from the same reference photos supplied by myself, of people of course! You should be getting the photos by e-mail about 2 weeks before. I will be doing a demo of the same reference.

   Seeing that my specialty is painting people, I would encourage everyone to try do a portrait or figures on Thursday. I will give a portrait demo that morning and afterwards can help anyone with their drawing before starting their own painting. Please try and have your painting predawn and we can adjust from there if needed.

   Please bring several samples of previous work to show. I will be available at times for a more personal review of your work.

---Ken Call

Tuesday May 10

9:00	Introductions and discussion of work shop details.
9:30- 11:00	Instructor Demonstration.
11:00-12:00	Free day. You can paint whatever your favorite subject matter is.
